had the pleasure
of knowing, Rick

Hi Renee,
your one of my super best friends, I wish I had a longer time to spend here with all my friends. A year is going to go fast - so lets make the best of our last year together. And when I leave, remember all the good times we had, along with some of the ~~[illegible]~~ Bad. I'm really gonna miss you -- Even though we'll be keeping in touch.

Jerry

Hey Renee!

We are two very
wild and crazy guys!
Me & you have had some
really crazy swingin'
times! It was fun up
the mall. Too bad you
always get in wrecks.
Maybe some time we can
go and PARTY!

(if I can trust your driving)

Really though, sometimes
I think you're normal,
but most of the time
you're not! Just stay that
way, O.K.? Only 2 more
years then Party time!
Stay the Same, and remember
to wear your pants tight
So I can recognize your bulges!

Love,
Maribeth

P.S. Just because horses occasionally
poo-poo on the street is no reason
to stop using horses!

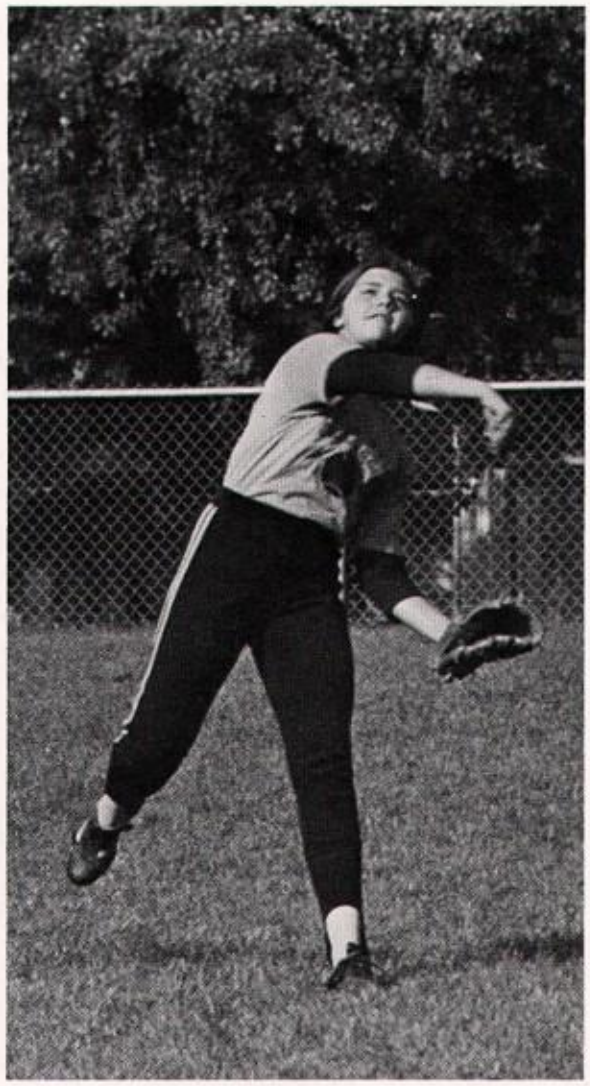
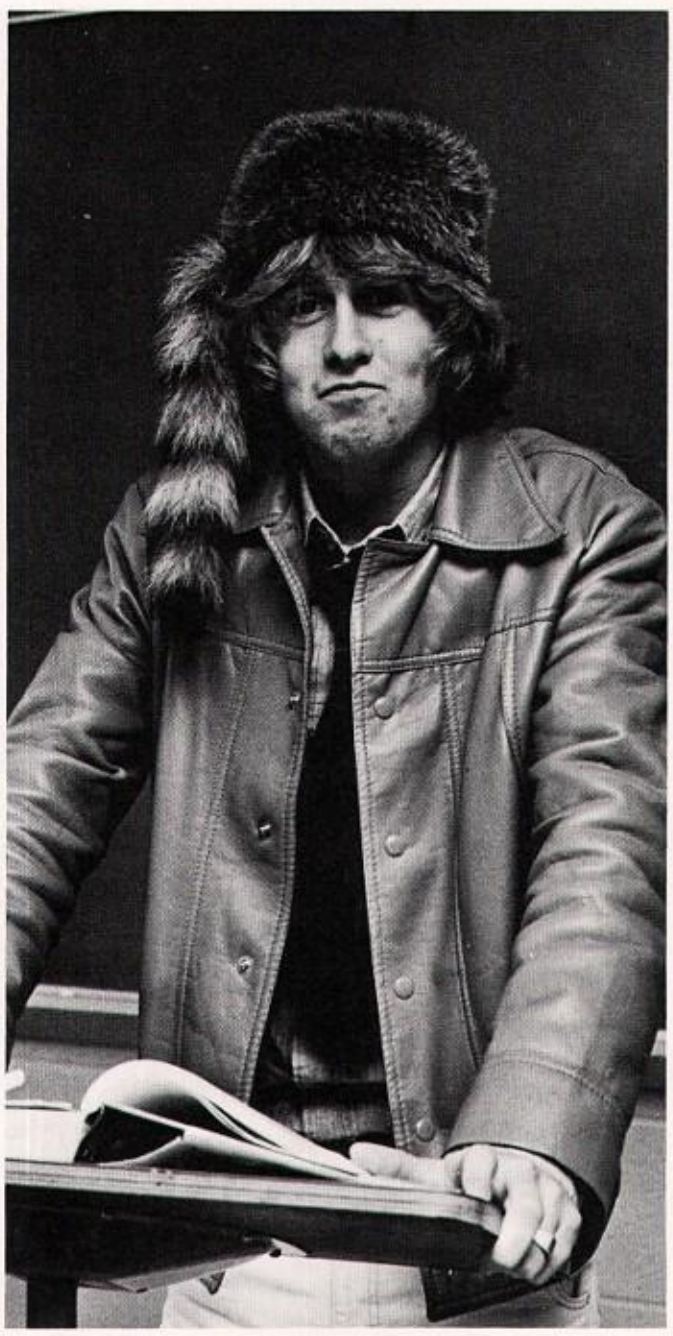
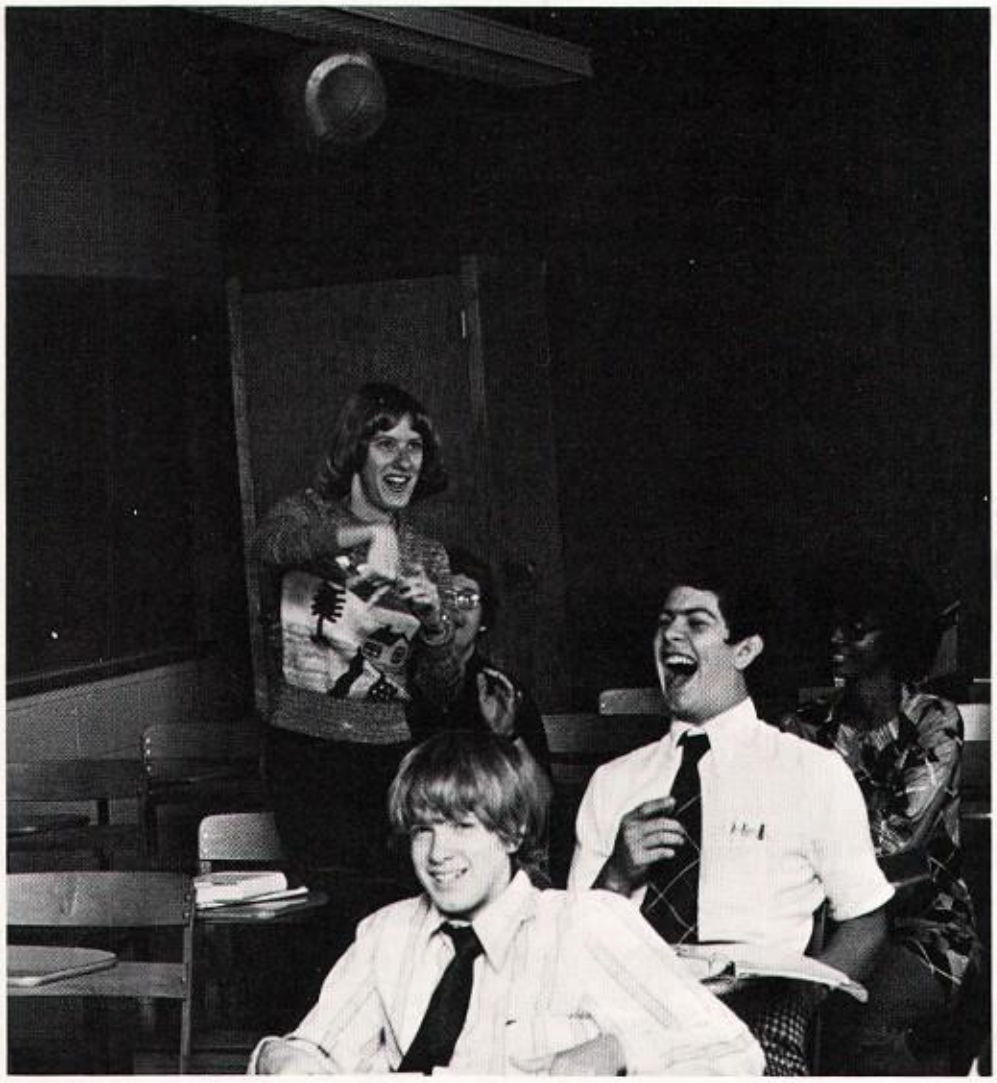
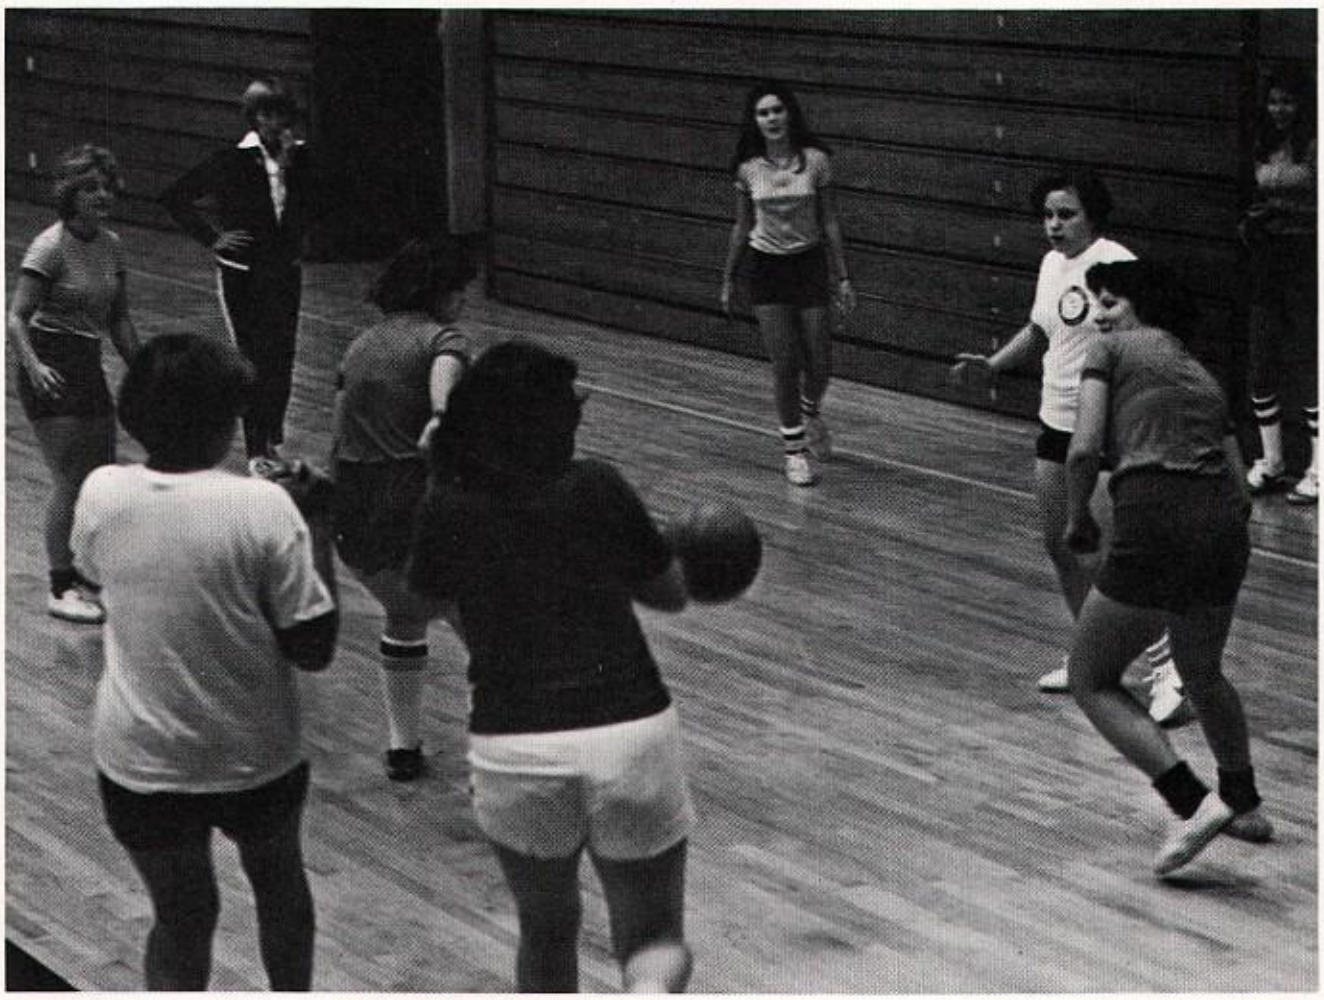
Our universal dream involves the challenge generated by the world of Kennedy Christian — the challenge "to be someone."

The encouragement, offered by the people around us, motivates our desire to succeed and accomplish the goals we have established here at K.C.









We have the competitive spirit to explore the many facets of our individuality through team and personal efforts.

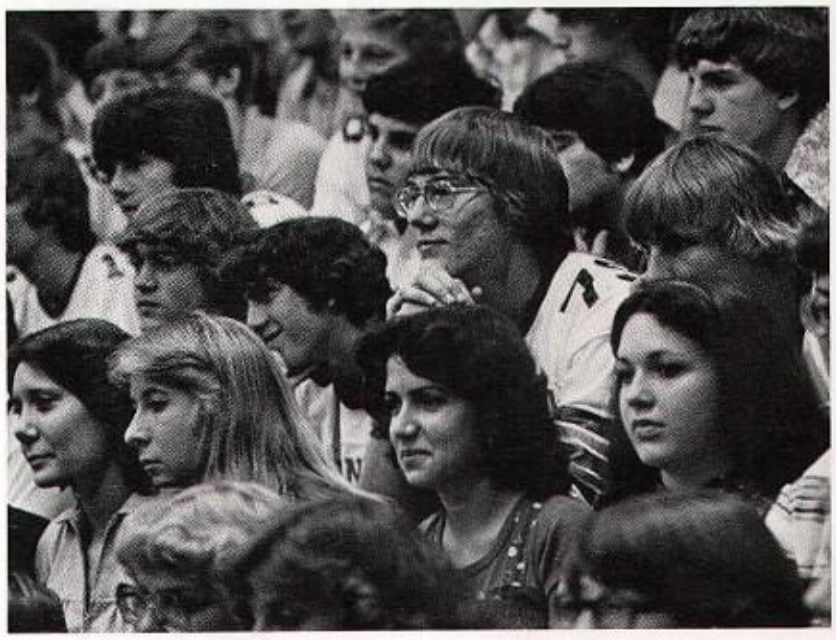
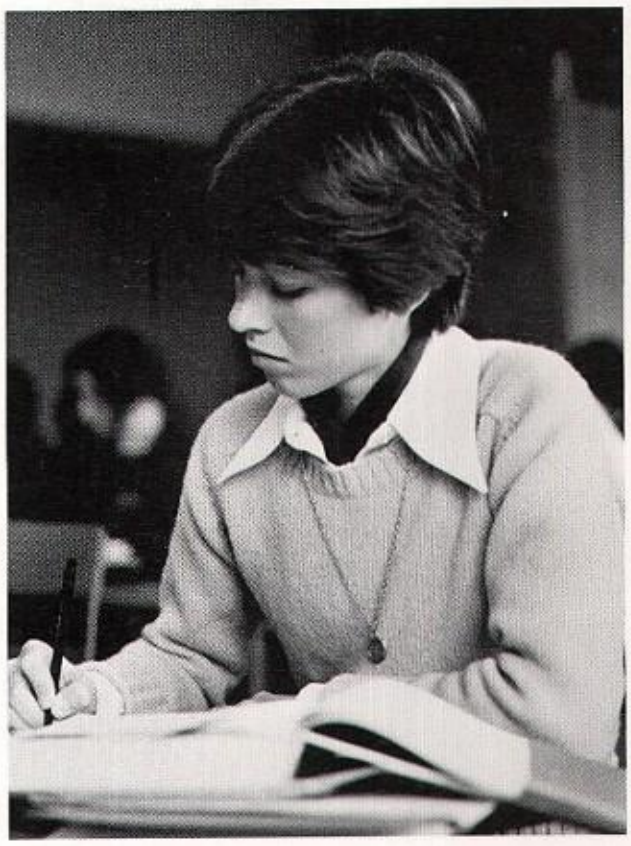
Today, the compelling urge to find "our" true "road of experience" is a strong-minded and strong-willed drive.





The following pages of this volume attempt to capture some of the vividness and emotion of the events we have encountered along the road of experience. . . .

Renee

What can I say pagers as nice as you. You were a big part in my life. I'll never forget the good time we had together. I'll miss them shirts you got me. I'm finally out of this rat hole. I hope that you stay up here with us. Just as many. I hope to see you sometime over the summer or may be call if you want me to. I'll never forget Homecoming it was great and we had a good time. Remember all the time I went up to your house I felt like a gas station you keep on filling me up with beer. Still drink it. It good pop. Keep in touch and tell everyone I said hello.

Lots of love

Four years has elapsed quickly and the "old" experience wants to stay around a little while longer.

We don't want to give-up the four unique lives we spent here! Growing, living, loving was a "whole-lot" to do and a "whole-lot" to give. We were something special — we "stuck" together through thick and thin. We were a family. Now, we must move along to another step on the road of experience.

For the future, we must move ahead not completely abandoning the encounters behind us. Our days of crying, laughing, hating, loving, praying, and hoping together are over, but the growing and sharing can survive beyond our separation.

The adventures of being together was worth it all! We are very proud of who we are — having been honored as Kennedy Christian's

Today, life is at full blossom. The leaves of yesterday have crumbled into the past; tomorrow is an unripened fruit that may be smothered by frosts of fate. The future is but a seed, not yet planted. But today — today is a fresh breeze of renewed scents.

Even though I still have a year before moving
It really hurts to say good-bye. I don't know what
to really say, Cause I never had to tell my best
friend good-bye before. I keep trying to tell myself
that maybe it's all for the best, ya, I'll make new
friends--but they can't ever replace the memories
and dreams that I've had with my old friends. After
next year we'll probably never pass down the same road
again together
but don't let
it bring our road
to a dead end.
Cause we both
have our goals
to reach and
I know it
can be done
all it takes
is a good piece
of mind and
Self-confidence.
I know if you
Put effort in
what your doing
you can be or do
anything you
ever wanted

Because you are

We are wrapped up with the outside world — not just ourselves. Teachers push us because they know that being involved can make the human being a better person. At Kennedy there is always something to do such as: playing the drums in the marching band, participating in a debate tournament, putting together a collection of poems and prose for a school publication, becoming president of Student Council, volunteering your time at the Senior Citizens Home, and much, much more. One of the many goals set here at K.C. is to become a versatile human being. There is no reason why anyone should not participate in some club or organization. So get goin' — Kennedy High School offers a variety of

Some of you are only beginning your journey, while others draw nearer to the end of the path at K.C. Yet all of you share a wealth of experience and feeling, as you travel together toward fulfillment of your dreams. Relationships take seed, and memories are established. Achievements and success, challenges and experiences nurture personal maturity.

Soon the challenge of entering the world on your own will be upon you, even though the prospect of that seems to be a distant one. The days here appear to pass slowly, and often we wish that they were completed. However, in a few years, when you look back in retrospect, you'll realize the brevity of your stay at Kennedy Christian as

The Golden Eagles have come a long way since its beginning in the world of athletics. The primary thrust of this world is the devoted coaches, the talented teams, and the supportive fans. Each year our athletes strive to do better than the previous year. This proves why winning seasons are becoming more popular through the world of Kennedy's

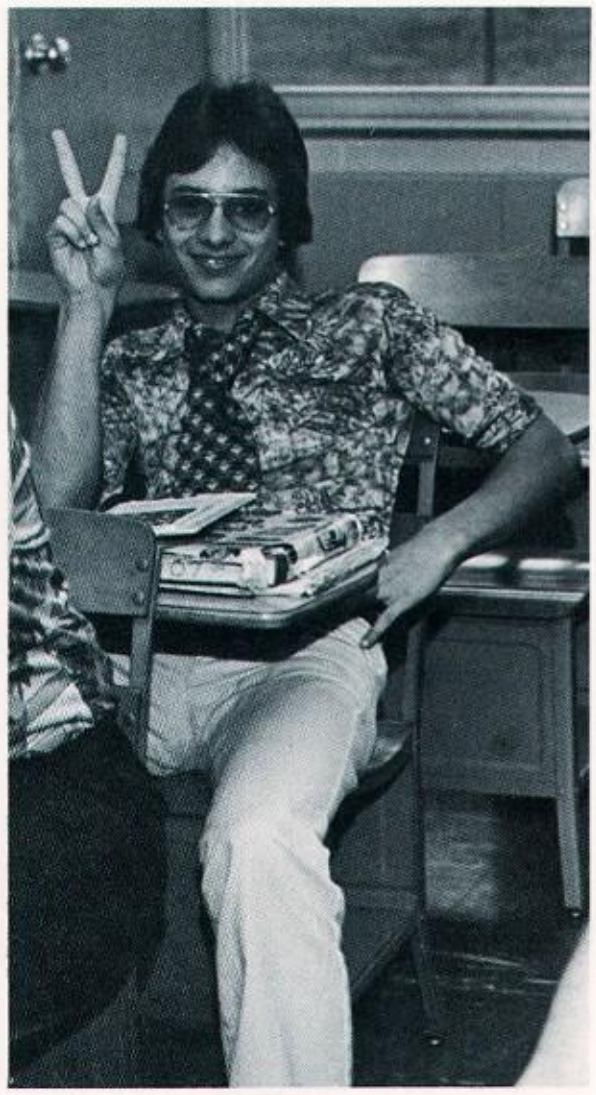
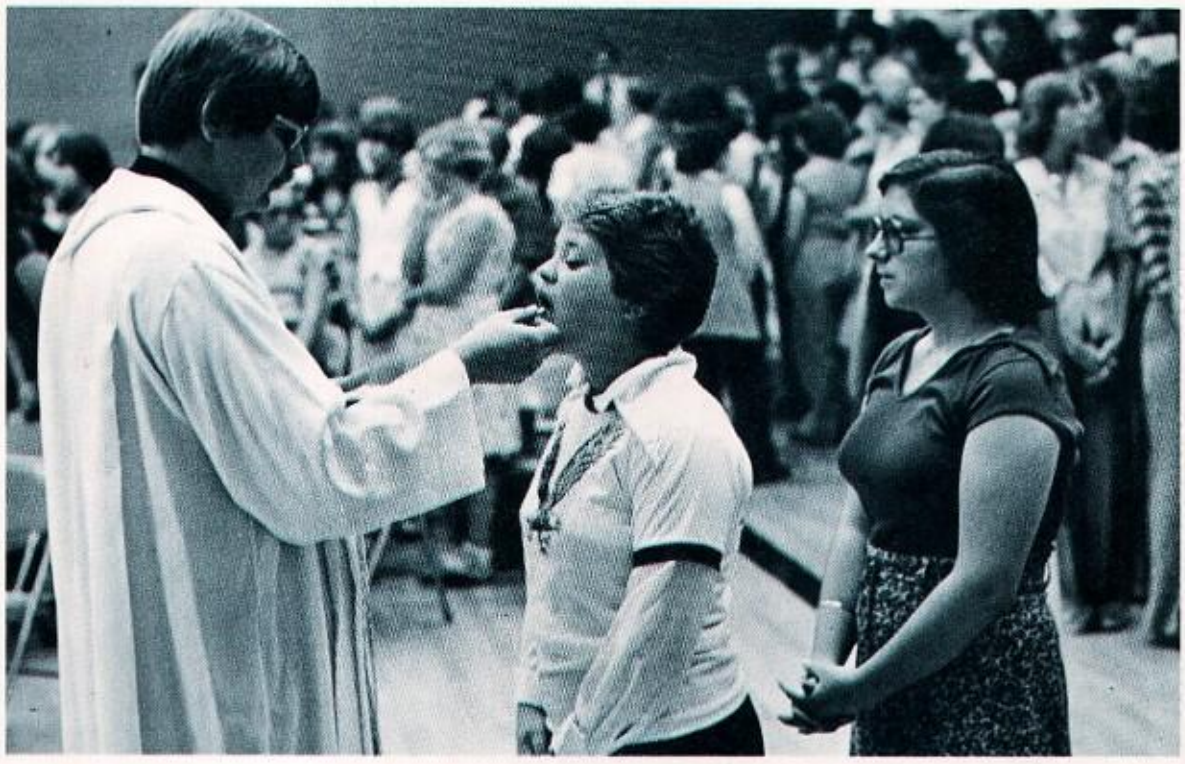
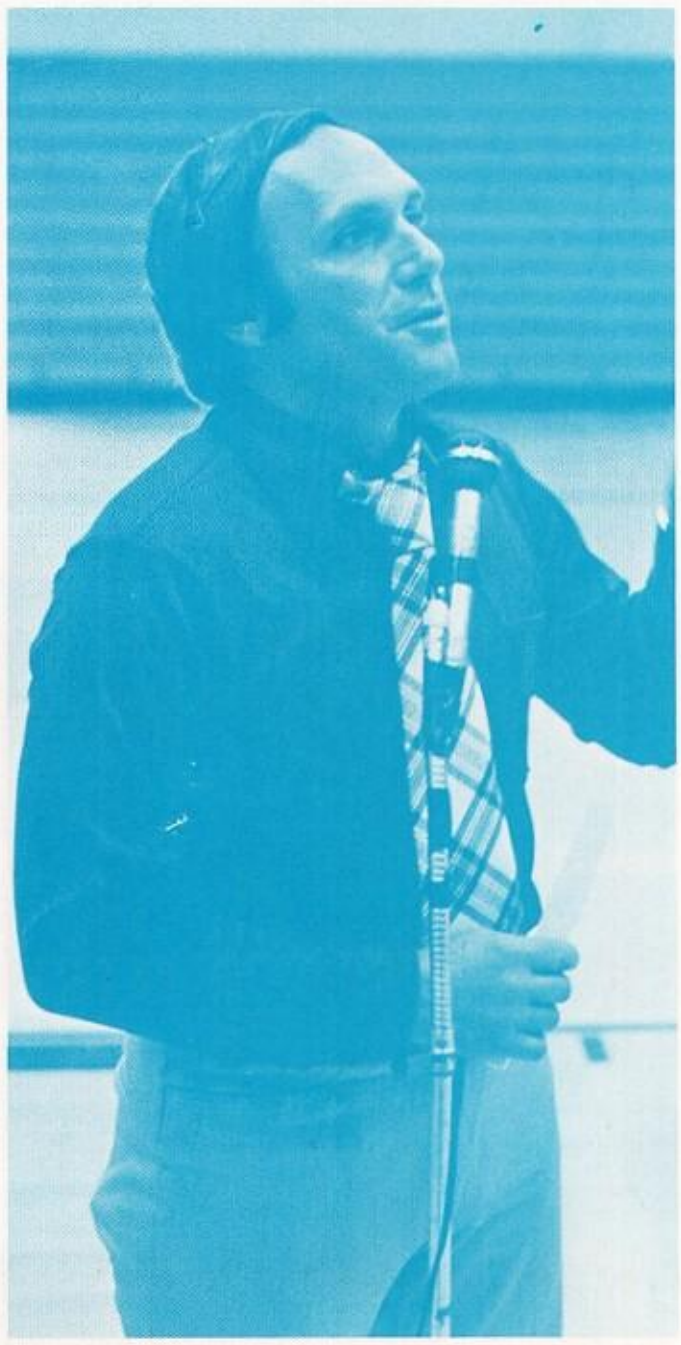
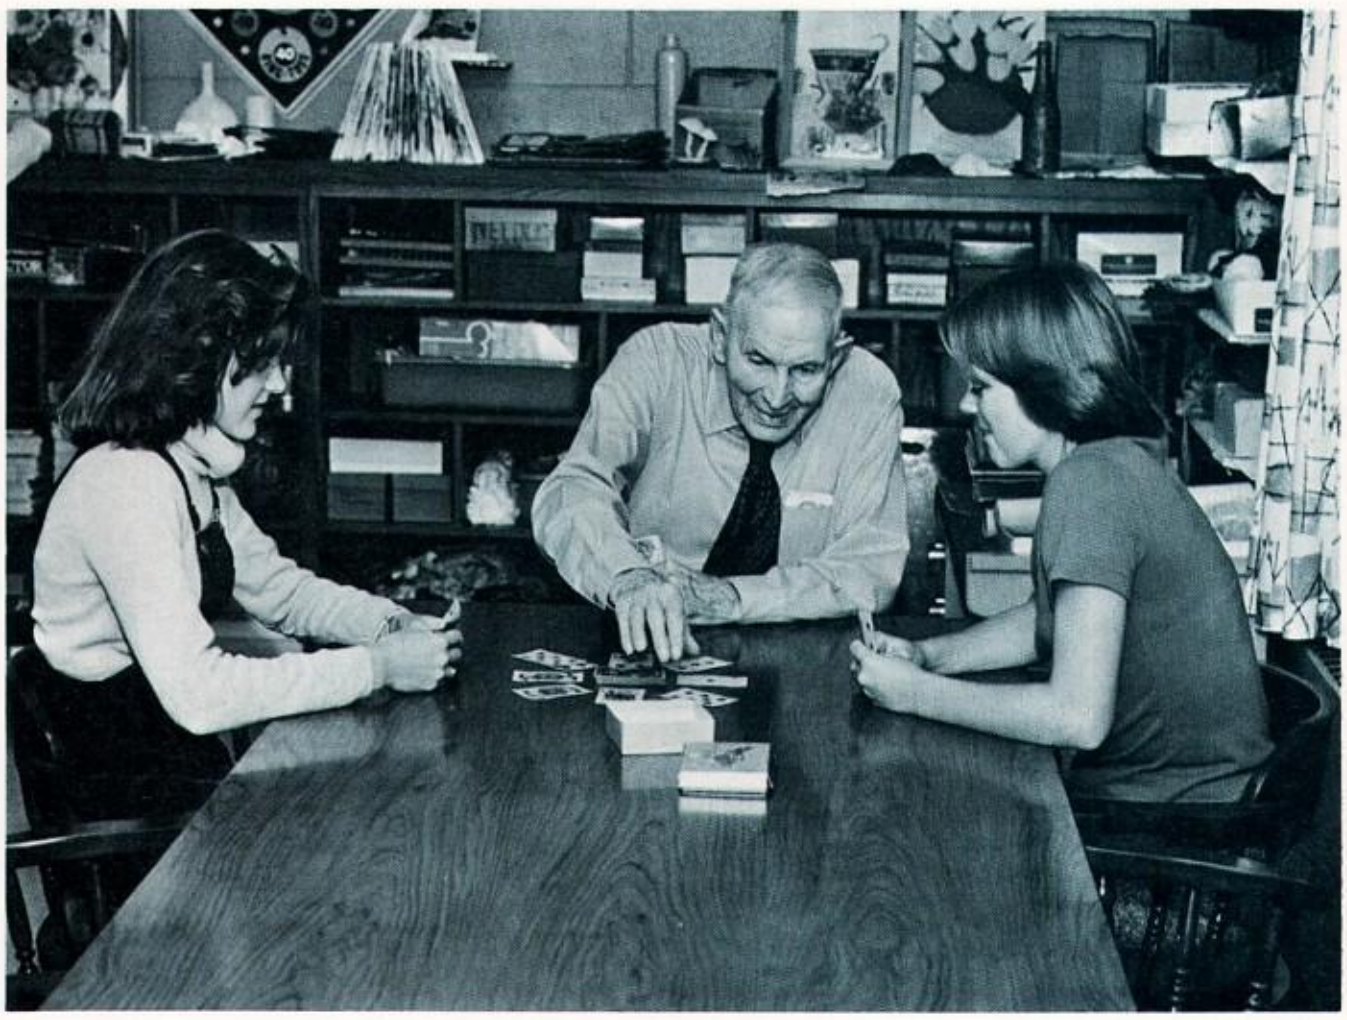
GOLF

Depicted through the final pages of ongoing memories will be the subconscience awareness of the need, to always remember "who we are" and "what we represent."

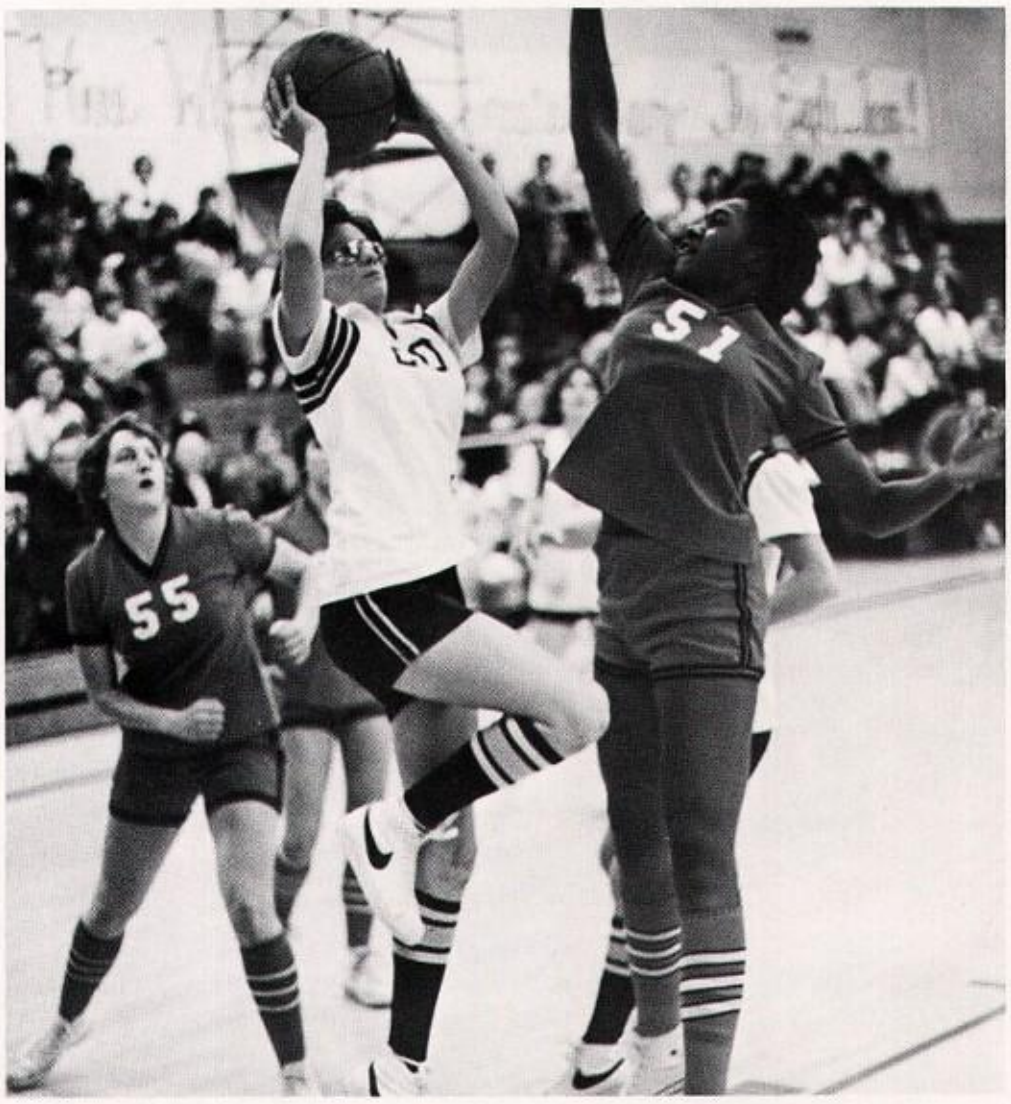






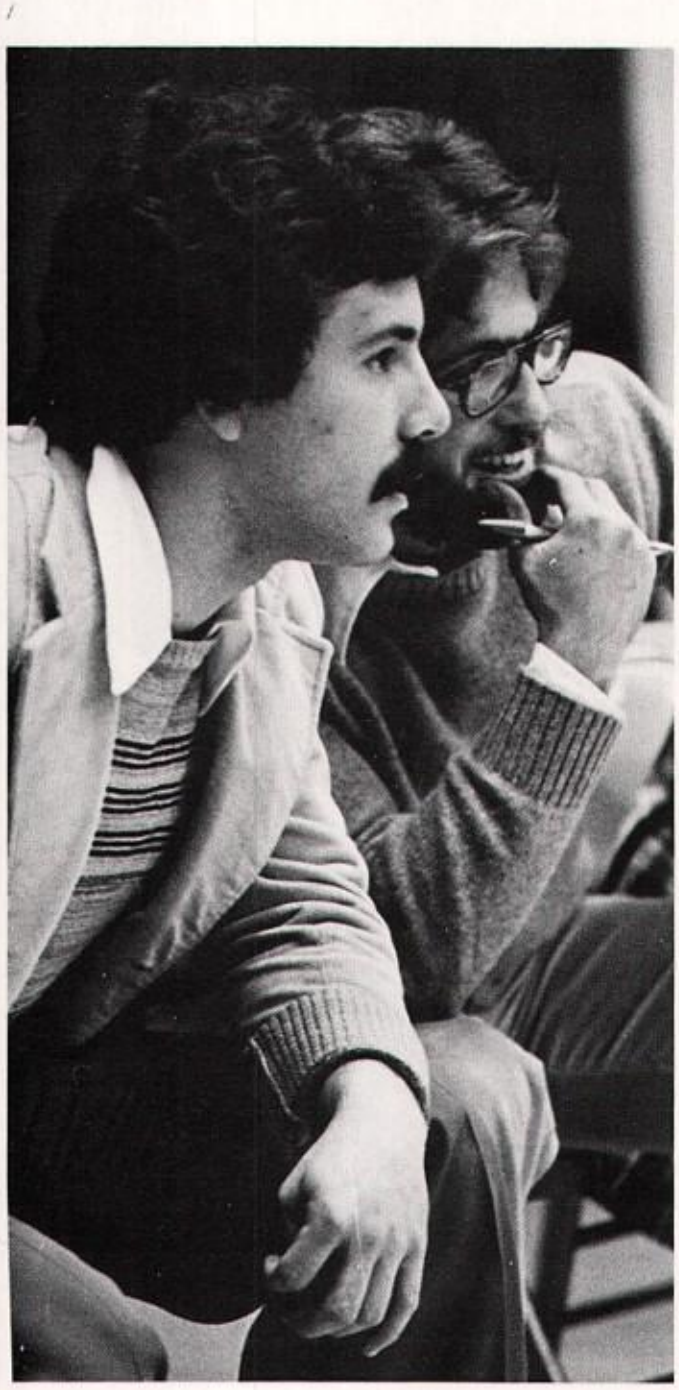


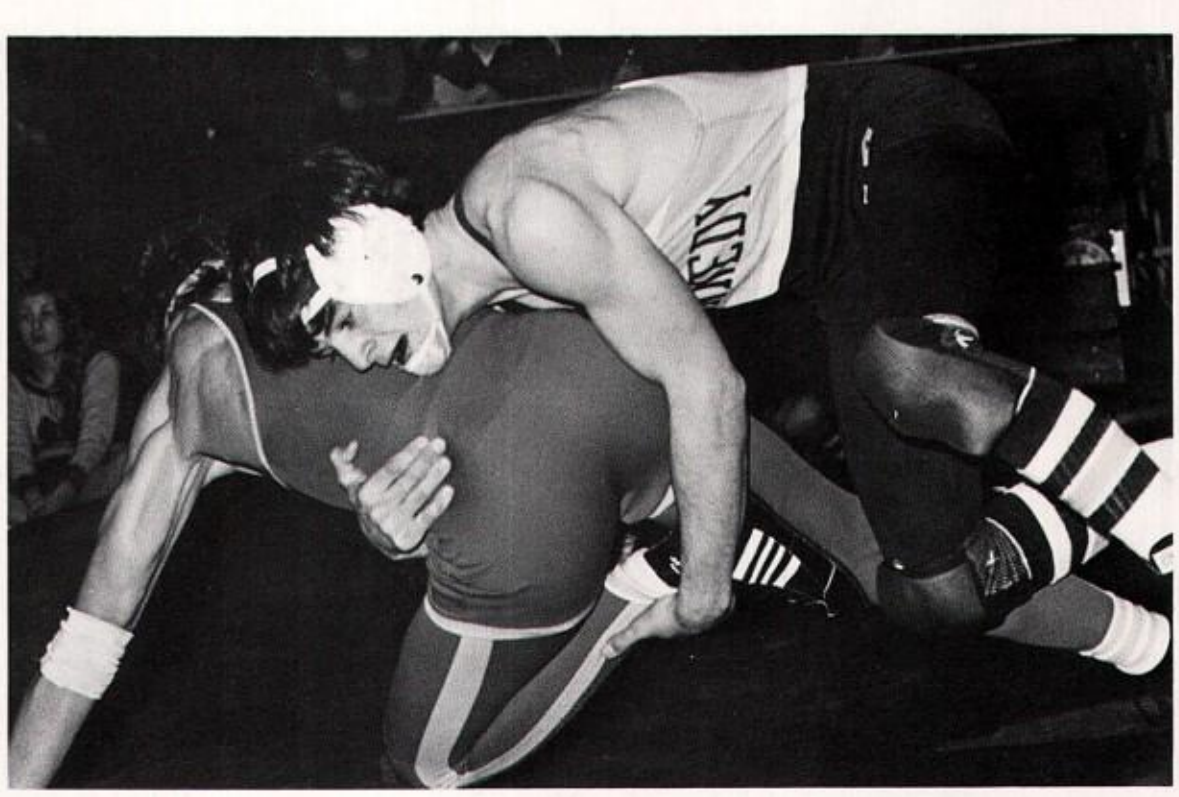
Each of us has discovered something special this year. Whether it was being a high school student for the first time and experiencing differences; or being the veteran and experiencing changes in scenery.

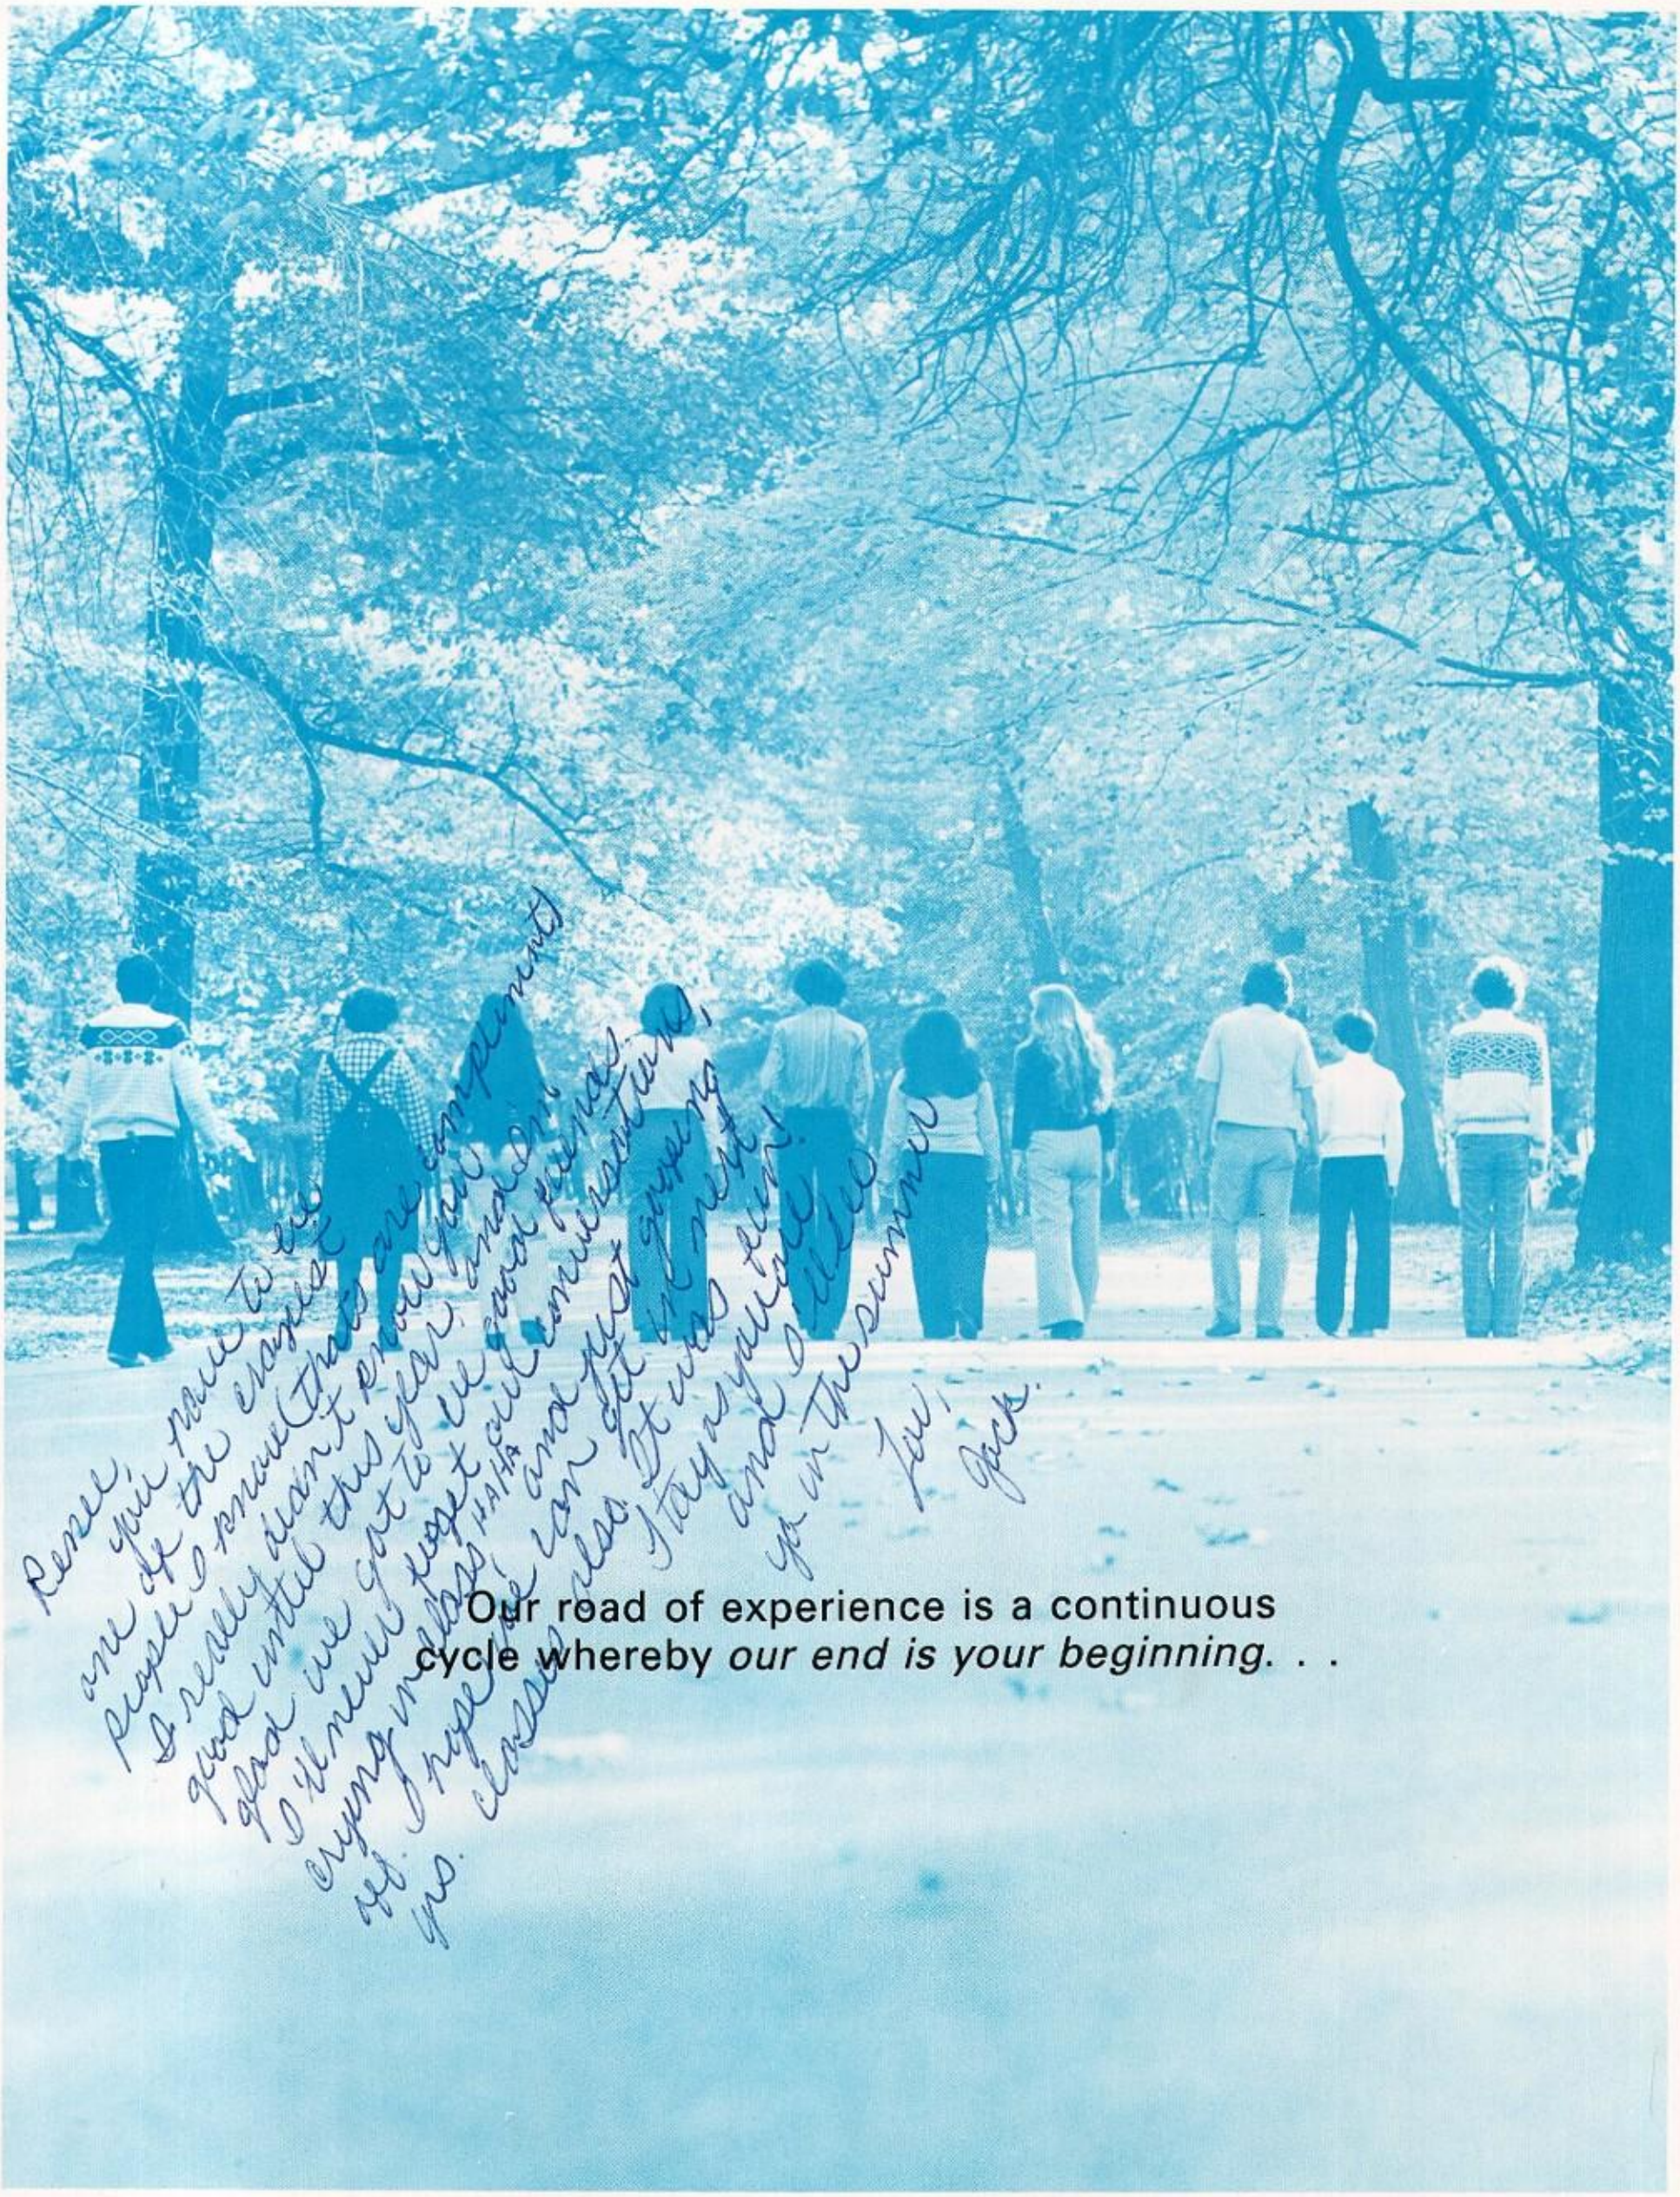


As we move along the path, we find that each additional step is made possible only because of those that came before.

. . . Memories built upon memories, the essence of our K.C. years . . .







Our road of experience is a continuous
cycle whereby *our end is your beginning*. . .

O Most Heavenly Father,

Thank You for bestowing upon us a year of fulfillment. You have blessed us with winning seasons, academic achievements, and above all, a unique development of character. The inspiration given by You has been reflected through the devotion of our faculty and the motivation offered by family and friends. In the future, as in the past, we will strive to attain our own personal goals.

So now, Father, grant the needed wisdom and determination to the Seniors as they embark on a path of unknown experiences. Shelter the ways of the remaining individuals, as they walk in the shadows of our departure, en route their destination. Without You, our road of experience would be a barren and aimless journey. Share with us Your loving presence . . .

AMEN

Memories have been fulfilled,
Prayers have been answered . . .

GOD BLESS

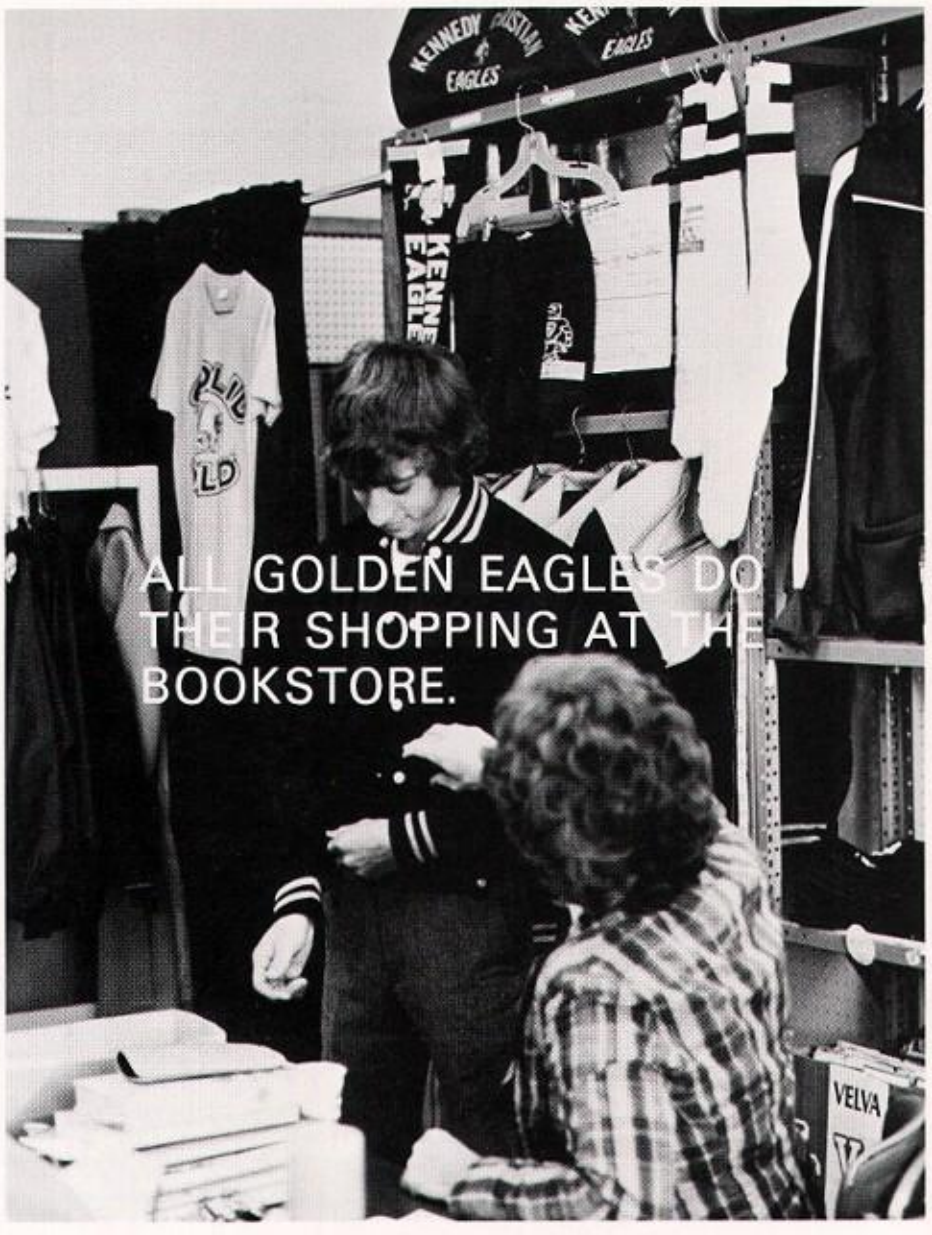
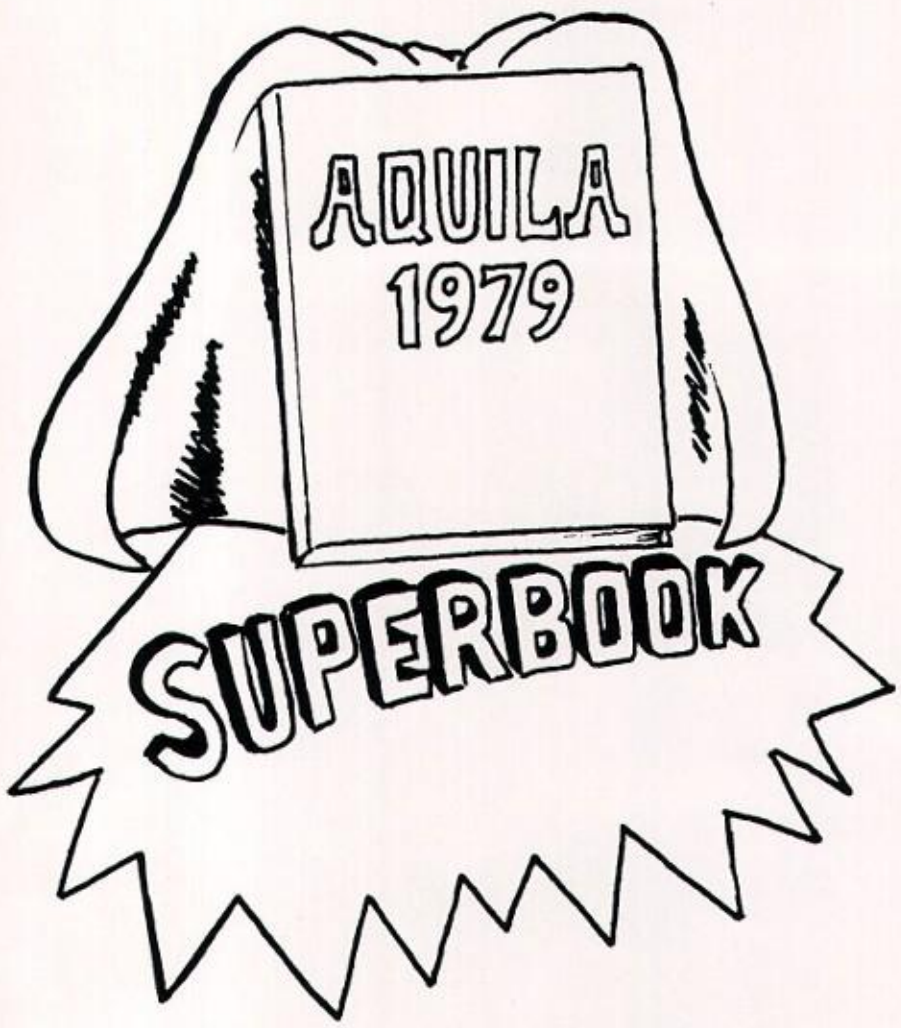
Get more out of college than just a degree.

The Individual Active Duty Program can help you get more out of college than just a degree. You can be a member of the U.S. Marine Corps Reserve while you earn a college degree—and good money at the same time. If you're qualified, you can sign while a senior in high school. That summer after graduation, you go through recruit training. In the fall, as a college student, you attend Reserve drills one weekend a month at starting pay of $50 per weekend drill. Each summer, you attend Reserve training for two weeks. And when you graduate from college, you have completed your active Reserve training commitment. That's the I.A.D. program. For more details, call 800-423-2600, toll free. In California, 800-252-0241. Better yet, go straight to your local Marine recruiter.

The Proud Marine Reserve





Anything you can do, You can do better...

All Sincere Thanks

Remember him like a father, for he represented one in the eyes of Kennedy's students — even faculty.

Remember him like a grandfather, for he considered each and everyone of us a part of him.

He donated of his time and energy in being with the people he truly enjoyed and in teaching. His devotion to Kennedy was his own idea. He did the little things which helped push forward the big things.

So in memory of Mr. Anthony Lordo, remember *the road of life* he took . . .

"I expect to pass through this world but once. Any good therefore that I can do, or any kindness that I can show to any fellow creature, let me do it now . . . for I shall not pass this way again."

Renee

I'm really glad I got to know you this year, and believe me, as the saying goes. "We are wild & crazy," Plus Renee I just have to tell you, you wear your shirts way too tight. What you trying to do, seduce all the guys? Well with your bod, that'll be real easy. When you first asked me if I wore my pants too tight I thought you were crazy, & guess what, you are!!
